Marriott's Desert Springs Villas

July 16, 2019

Dear Fellow Desert Springs Villas II Owners,

This report follows our October meetings of the DSVII Timeshare Association Board of Directors. The meeting was held on May 16, and the Annual Owners Meetings was held on May 17, all in the Hummingbird Room at DSV. As your President for the past year and the coming year, I am pleased to communicate to you the decisions and discussion of your Board of Directors at the DSVII meetings.

We continue to discuss the recently passed California law which increased minimum wages starting January 1, 2019, with built in annual increases until minimum wages reach \$15.00/hour over a few years. Compliance is particularly difficult for resorts like ours which tends to have many lower wage workers cleaning rooms and maintaining the resort property. These are important employees and we appreciate that their wages need to rise, so we emphasized to the Marriott management that the extra required dollars can only come from three sources: (1) increased efficiencies/operational savings and/or (2) increased maintenance fees. Management will be reporting back to us in October as to how much and in what manner they can further control and reduce operating costs. The board approves next year's budget at the October meeting. (3) Increased miscellaneous income, we have a few sources such as earned interest and rents, but they are not impactful even though they rise. As always, we reviewed the financial statements and operations reports to date before the meetings and had detailed discussions as to justifying the need for many proposed replacement items and equipment. We also happily noted that our income, (mostly interest) from investments is finally rising. It's not a huge number, but it all helps when you are looking to provide extra dollars for employee wage increases. Management pointed out that the many new resorts added to the Marriott family will give them more negotiating power and may result in further savings on insurance premiums. The Board emphasized that a part of the premiums is based on claims experience which management methods, controls and training can help contain and influence the amount of the premiums.

There was a further review of where we are in considering the purchase and installation of solar panels to save on utility costs. The decision was made to table the consideration again in that the costs were not yet at a favorable enough level so that the benefits are significant enough. We considered again the significant risks of investing in solar: how long the panels will physically last and be effective, the maintenance requirements after several years, and the simple unknown as to how many sandstorms we may have that may render the panels ineffective until cleaned. The "right price" will likely "cure" most of the concerns.

We discussed how fortunate we were that our owners are so good about making their annual maintenance fee payments on time. The number of delinquencies we experience is far less than the amount experienced by other resorts in our region. This has helped reinforce and support the continuance of the agreement with Marriott Vacation Club wherein we can turn over foreclosed villas to them and they reimburse us for all our costs. We decided long ago that we would rather not be in the real estate business dealing with the maintenance, marketing, and closing of sales on foreclosed villas.

Our guest satisfaction scores were very high last year, and we continue to do well. Marriott Vacation Club gave us an award for our achievement, designating us a "World Class Resort". It's not "Resort of the Year", which we last won 4-5 years ago, but we are nevertheless quite proud of the recognition.

We were introduced to Peter Antinoph, the new General Manager of DSV, who started to work just before our meetings. He comes to us with a wealth of Marriott hotel experience in a long Marriott career managing hotels in many countries and we all look forward to working with him. He replaces Bill Gunderson who has done a wonderful job in the few years he was our general manager and was promoted to Regional Manager. We let Peter know that one of his primary goals needs to be that "Resort of the Year" trophy!!

We thank you for and appreciate your continued interest and support.

Sincerely,

Ben Steinberg

President
