Sincerely,

*Bill Gunderson*  
General Manager  
Marriott's Desert Springs Villas

Dear Fellow Desert Springs Villas II Owners,

This report following our May 2018 regular meeting of the DSV II Timeshare Association and the 2018 Annual Owners meeting, is my first to you as your newly elected President. I am pleased to be serving and representing you again. I thank you for your confidence in re-electing me to our Board of Directors to serve for a three-year term.

Our DSVII regular board meeting was held a day before the Annual Owners meeting. To remind you, we meet four times a year. Twice by telephone and twice “on campus” in May and October. This, in addition to the work of the board committees, which goes on throughout the year. At this May meeting, we reviewed the budget compliance to date figures, which were very satisfactory and approved several expenditures to accommodate additional pool heaters and refurbishment upgrades, along with the installation of new electric vehicle charging stations. The entire cost of charging stations for both Villas I and Villas II was paid for by various government agencies and utilities, so we only paid for installation costs. This was a great bargain accomplished by Glenn Knorr the Director of Engineering and others on our management team. We will recover much of our own expenditures through usage fees from the owners and guests recharging their cars at our stations. Most importantly, we recognized a growing need and could provide the service needs at a minimal cost to the resort. The equipment is now installed, and its use is already growing. It is intended to be a break-even service, not a profit center.

The annual owners meeting was moved back to the meeting room at Marriott’s Shadow Ridge this year after we tried doing it at Desert Springs Villas in the Hummingbird room in 2017. The Shadow Ridge meeting room is larger and configured much better to accommodate this type of meeting, and as a sister resort, their charges to us are relatively small. At this meeting, our staff and officers reviewed the status of our resort and the improvements and accomplishments over the previous 12 months. The reports were very well received along with many compliments as to the maintenance and improvements on our property. The attendees were especially impressed with the money we saved on energy and water uses due to the Board-approved new equipment that provides our ability to both heat and cool the swimming pools. They were excited as to how beautiful and comfortable the newly refurbished villas have turned out in addition to all the new electrical outlets provided to plug in our iPhones, pads, etc.

The Board decided to put the professional servicing of our reserves and operating funds out for bid with several significant financial advisor firms. We are not unhappy with our current advisor; however, it is good to review every few years to make sure we continue to get the best advice available. Our investment yields have been growing as interest rates have been rising. It is quite a challenge for the advisor we retain, in that our by-laws require that all investments be safe, so that limits the availability of investment choices and requires maximum creativity to get better yields. Every extra dollar we can achieve in investment returns is a dollar less that we need to charge in annual maintenance fees.

DSV II Board considerations included appropriation of funds for the final phase of the villas refurbishment program with appliance and water heater upgrades and new air conditioning units. These costs were anticipated long ago and paid out of our reserves.

Additionally, we approved a three-year audit contract extension with PricewaterhouseCoopers. I am pleased to report that PwC confirms that DSV II continues to be in excellent financial condition with adequate reserves. The outstanding maintenance fee receivables are relatively low, and our collection experience compares favorably with that of the other Marriott Vacation Club resorts. Thank you for being very responsible owners.

Our next board meeting will be via teleconference on August 9, 2018 followed by our in-person board meetings on October 18 and 19, 2018. We appreciate your continued interest and support as our Board members deliberate budgets, maintenance fees, reserve requirements, investment potential, resort improvements and operating policy considerations. Enjoy your experience.

Very truly yours,

*Ben Steinberg*  
President

**Summary of Dispute Resolution Procedures**

This dispute resolution process has been implemented by the above associations to assist the membership and Board of Directors with a designated communication path and assist in providing a timely resolution.

This policy follows the Davis Stirling Common Interest Development Act pursuant to sections 5130(a)(9) and 5920 for the adoption of an internal dispute resolution process.

The internal dispute resolution process is between the Board of Director on behalf of the association and member(s) involving either parties rights, duties, or liabilities. Either party may invoke the following procedures:

- (1) The party may request the other party to meet and confer to resolve the dispute. The request shall be in writing
- (2) A member of an association may refuse a request to meet and confer. The association shall not refuse a request to meet and confer.
- (3) The board may designate a director to meet and confer with member(s).
- (4) The parties shall meet promptly at a mutually convenient time and place, explain their positions to each other, and confer in good faith to resolve the dispute. The parties may be assisted by an attorney or another person at their own cost when conferring.
- (5) A resolution of the dispute agreed to by the parties shall be memorialized in writing and signed by the parties, including the board designee on behalf of the association as long within the confines of board approved guidelines for settlement. If the tentative agreement is outside of confines of the guidelines it would need formal board approve prior to signed commitment by the designated director.
- (6) A written agreement reached the parties and is judicially enforceable if it is signed by both parties and both of the following conditions are satisfied:

- (1) The agreement is not in conflict with law or the governing documents of the common interest development or association.
- (2) The agreement is either consistent with the authority granted by the board to its designee or the agreement is ratified by the board.
- (7) A member shall not be charged a fee to participate in the process.

Pursuant to Sections 5310(a)(9) and 5965 of the Davis-Stirling Common Interest Development Act, below is a summary of Article 3 of the Act with respect to alternative dispute resolution as a prerequisite to the filing of a civil action.

- (1) Neither an association nor a member may file an enforcement action in superior court for declaratory, injunctive or writ relief or for such relief about a claim for monetary damages not more than the jurisdictional limits unless the parties have endeavored to submit their dispute to alternative dispute resolution pursuant to Article 3 of the Davis-Stirling Common Interest Development Act.
- (2) The provisions of this Article do not apply to a small claims action or to an assessment dispute. Any party to a dispute may initiate the process by serving a Request for Resolution on the other party which includes the items described in Section 5935 of the Civil Code including a brief description of the dispute and a request for alternative dispute resolution. If the party served fails to respond within 30 days of receipt, the request is deemed rejected.
- (3) If the party served accepts the request, the parties must complete the alternative dispute resolution within 90 days of the initiating party's receipt of such acceptance, unless otherwise extended by written stipulation signed by the parties.
- (4) At the time of commencement of an enforcement action, the party commencing the action is required to file a certificate with the initial pleading stating that
  - (a) alternative dispute resolution has been completed in compliance with Article 3;

- (b) one of the other parties did not accept the terms offered for alternative dispute resolution; and/or (iii)
- (c) preliminary or temporary injunctive relief is necessary. After an enforcement action is commenced, the matter may still be referred to dispute resolution by written stipulation of the parties;
- (d) If attorneys' fees may be awarded, the court may consider whether a party's refusal to participate in alternative dispute resolution before commencement of the action was reasonable.

Failure of a member of the association to comply with the alternative dispute resolution requirements of Section 930 of the Civil Code may result in the loss of the member's right to sue the association or another member of the association regarding enforcement of the governing documents or the applicable law.

**BOARD OF DIRECTORS  
EXPENSE REIMBURSEMENT POLICY  
Revised and Approved on May 17, 2018**

It is the policy of the above listed Associations to reimburse its members for the reasonable expenses which they incur to fulfill their duties and responsibilities as members in attending the Association meetings.

To that end, the following policy has been adopted:

1. Each member will be reimbursed his/her actual air fare up to an amount equal to the coach fare between his/her home and Palm Desert, California. If the member drives his/her personal auto, he/she will be reimbursed at the prevailing IRS reimbursement rate and for lodging cost enroute.
2. Each member will be reimbursed his actual lodging costs not to exceed six nights in a full 2-bedroom villa, or any combination thereof, at the Board of Directors rate. For those members who fly to the meetings, airport parking fees and transportation costs will be reimbursed.
3. Additional lodging and car rental will be paid to comply with airline restrictions if the total sum of reduced airfare and additional night(s) lodging and car rental is lower than the airfare would be on a normal scheduled return.
4. Each member will be reimbursed his/her actual costs for a mid-size rental car in Southern California not to exceed six days, or if compliant with #3 above.
5. Each member will be given a per diem allowance at the prevailing Meal and Incidental Expense rate for Palm Springs, CA as published by the GSA for up to six days. (<http://www.gsa.gov/portal/category/100120>)
6. Each member may also be reimbursed for long distance telephone and postage charges upon submission of an expense report with attached receipts.
7. Each member has the option to purchase an Electronic Device that would be used only for Association business, including, but not limited to, reviewing board and owner meeting materials. Each member who purchases an Electronic Device will be reimbursed for the cost of such device. The Electronic Device to purchase is an iPad 256GB WIFI device with a protective cover.

Receipts will be required for reimbursement of *ALL* items above except auto mileage and per diem. Reimbursement forms will be distributed at each meeting and are expected to be returned to the Senior Assistant Controller at Desert Springs Villas, within thirty (30) days of the meeting.

Exceptions to the above policy must be approved in advance by a majority of the members of the BOD.
